

Give material an identity

## A certification system that

- helps the full concrete value chain become more sustainable,
  - is accepted by all relevant stakeholders,
  - creates tangible value for individual plants, and
- improves the public perception of both the product and the sector

# Launched this year

- Total of >128 licenses sold
  - Noticeable number in the supply chain
- 49 certifications on two continents
  - First handed over at Building Holland in April
- 23 members
  - 10 associations / global initiatives
  - 6 producers
  - 7 certification companies (together with global reach)

# CSC added values

## PREREQUISITES

### Management

- M1 Sustainable Purchasing Plan
- M2 Environmental Management
- M3 Quality Management
- M4 Health & Safety Management
- M5 Chain of Custody
- M6 Benchmark

### Social

- S1 Product Information
- S2 Local Community
- S3 Health & Safety
- S4 Labour practices

### Environmental

- E1 Environmental Product Information
- E2 Land Use
- E3 Energy use
- E4 Air quality
- E5 Water Use
- E6 Biodiversity
- E7 Secondary Materials
- E8 Transport
- E9 Secondary Fuels

### Economical

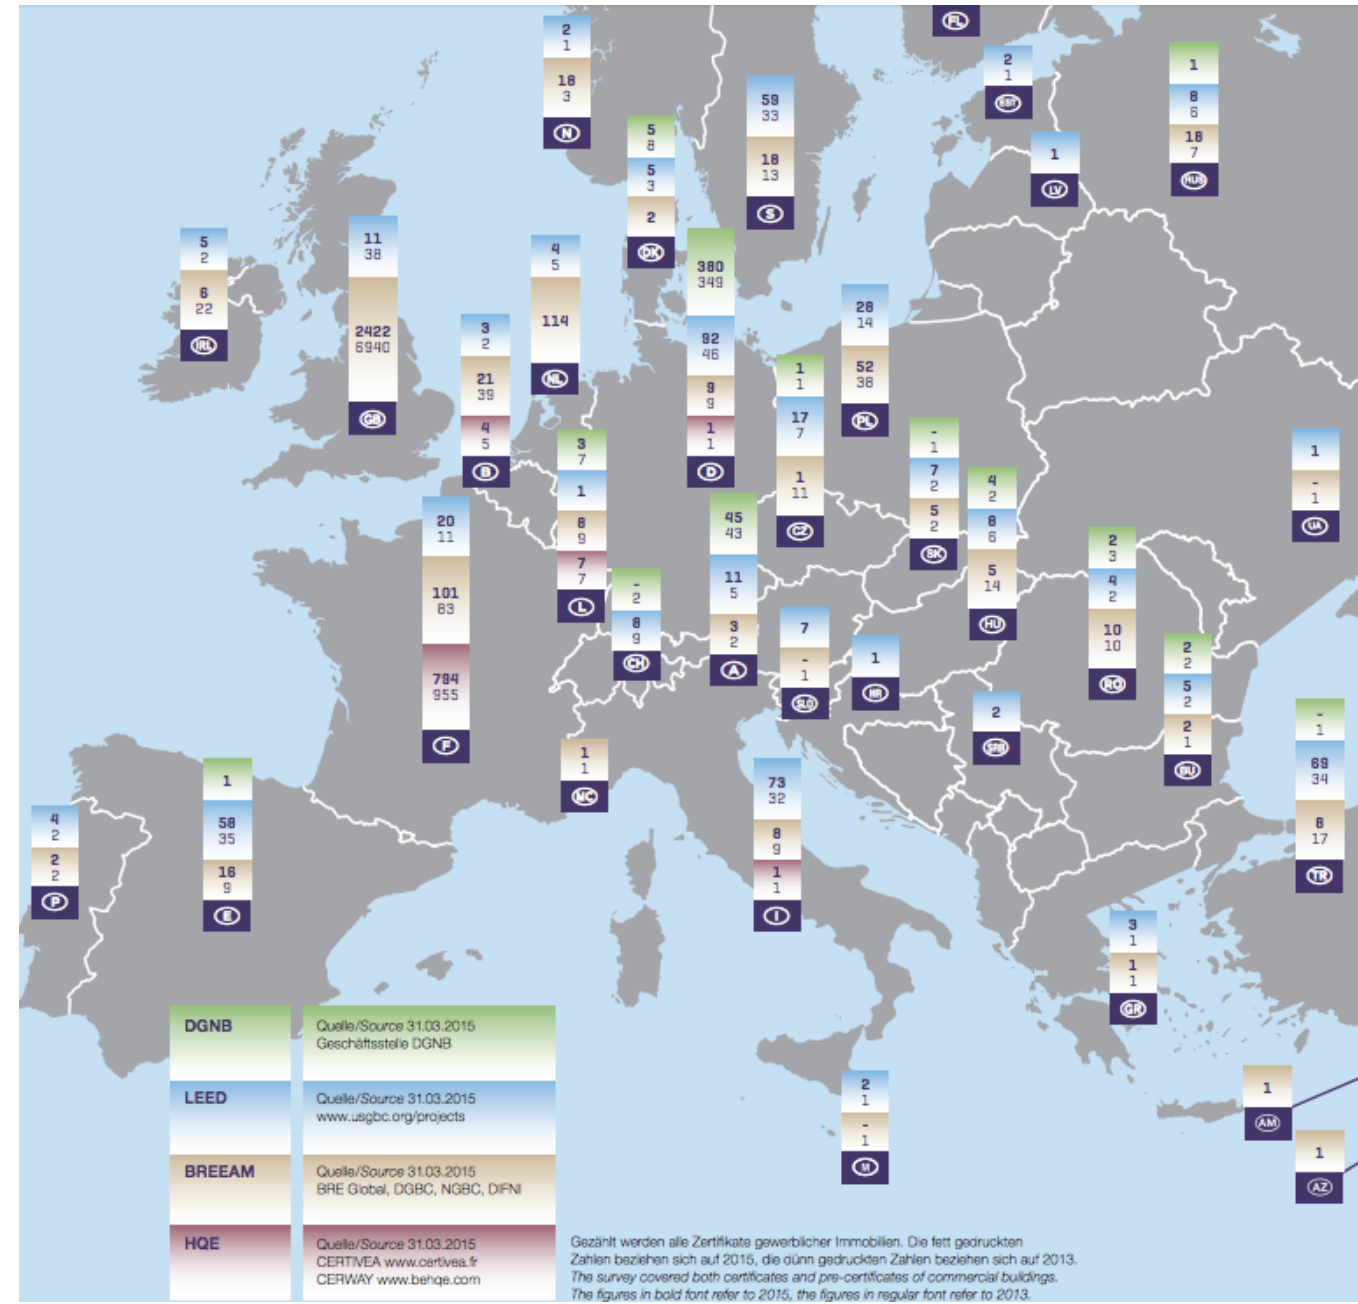

- P1 Local economy
- P2 Ethical Business
- P3 Innovation
- P4 Feedback Procedure

- Transparency throughout Chain of Custody
- Benchmark across Industry
- Innovation to stimulate sustainability improvements.
- Standardized reporting (GRI)

# Market drivers

- Fiscal benefit (green procurement)
- Loan benefit (impact loan)
- Alignment with rating systems

# CSC related to SDG
