FORAM: Towards a World Forum on Raw Materials

Duration: November 2016 – November 2018

Mathias Schluep: World Resources Forum Association
OBJECTIVES

Develop and set up an EU-based platform of international experts and stakeholders that will advance the idea of a World Forum on Raw Materials and will enhance the international cooperation on raw material policies and investments.

- Characterizing and identifying existing EU and global actions and initiatives,
- Setting up a Stakeholder Network and involving them into a structured dialogue in order to share experiences and to search for solutions to overcome the challenges and obstacles,
- Make a strategic plan and a roadmap for a World Forum on Raw Materials
- Organizing a pilot event and presenting the recommendations
FORAM has mapped over 100 (multi-stakeholder) initiatives related to raw materials. An interactive map and more analytical graphs can be found on FORAM website: www.foramproject.net
TASKS & ACHIEVEMENTS

SETTING UP A STAKEHOLDER NETWORK AND INVOLVING THEM INTO A STRUCTURED DIALOGUE

- Approximately 100 key stakeholders have agreed to be part of the network (ongoing process)
- Questionnaire distributed and analyzed
- Next step: Clustering & starting the dialogue
