WORLD RESOURCES FORUM
Global multi-stakeholder dialogue platform on resource efficiency, circular economy and sustainable development

WRF STAKEHOLDER DIALOGUE
Leading multi-stakeholder processes that strengthen international cooperation and result in concrete action

► Sustainable Recycling Industries: Turning waste into resources for development by enabling the sustainable integration and participation of small and medium enterprises from developing and transition countries in the global recycling of secondary resources

► Advancing the idea of a World Forum on Raw Materials: Providing a platform for international stakeholders as part of the Horizon 2020 programme of the European Commission

► MOOC: Broad outreach and training on topics related to circular economy, resources and e-waste

WRF FLAGSHIP CONFERENCE
► Global and multidisciplinary
► 500 – 1000 participants
► Knowledge exchange and debate
► Interactive panels, lively discussions, workshops, side events and scientific sessions
► WRF Cinema and Photo & Art Gallery

The World Resources Forum Association (WRFA) is an independent non-profit international organization that serves as a platform connecting and fostering knowledge exchange on resources management amongst business leaders, policy-makers, NGOs, scientists and the public.
